INTELKOM — among the leaders of Ukrainian exports

The company has been recognized as one of Ukraine's top exporters, confirming its strong and stable presence in international markets and the trust of global partners.

INTELKOM LLC is one of the largest Ukrainian manufacturers of plastic and metal products. With a powerful production and warehouse facility covering more than 35,000 m² and over 30 years of experience, the company provides a full manufacturing cycle — from idea development and technical specifications to finished products.

Core areas of activity:

- Manufacturing of children's toys under the TechnoK™ brand
- High-quality, certified in-house toy production, focused on child development and safety
- Production of plastic products
- Injection molding of plastics according to individual drawings and technical requirements
- Manufacturing of metal parts and structures
- Full-cycle metalworking, including milling, turning, welding, and assembly

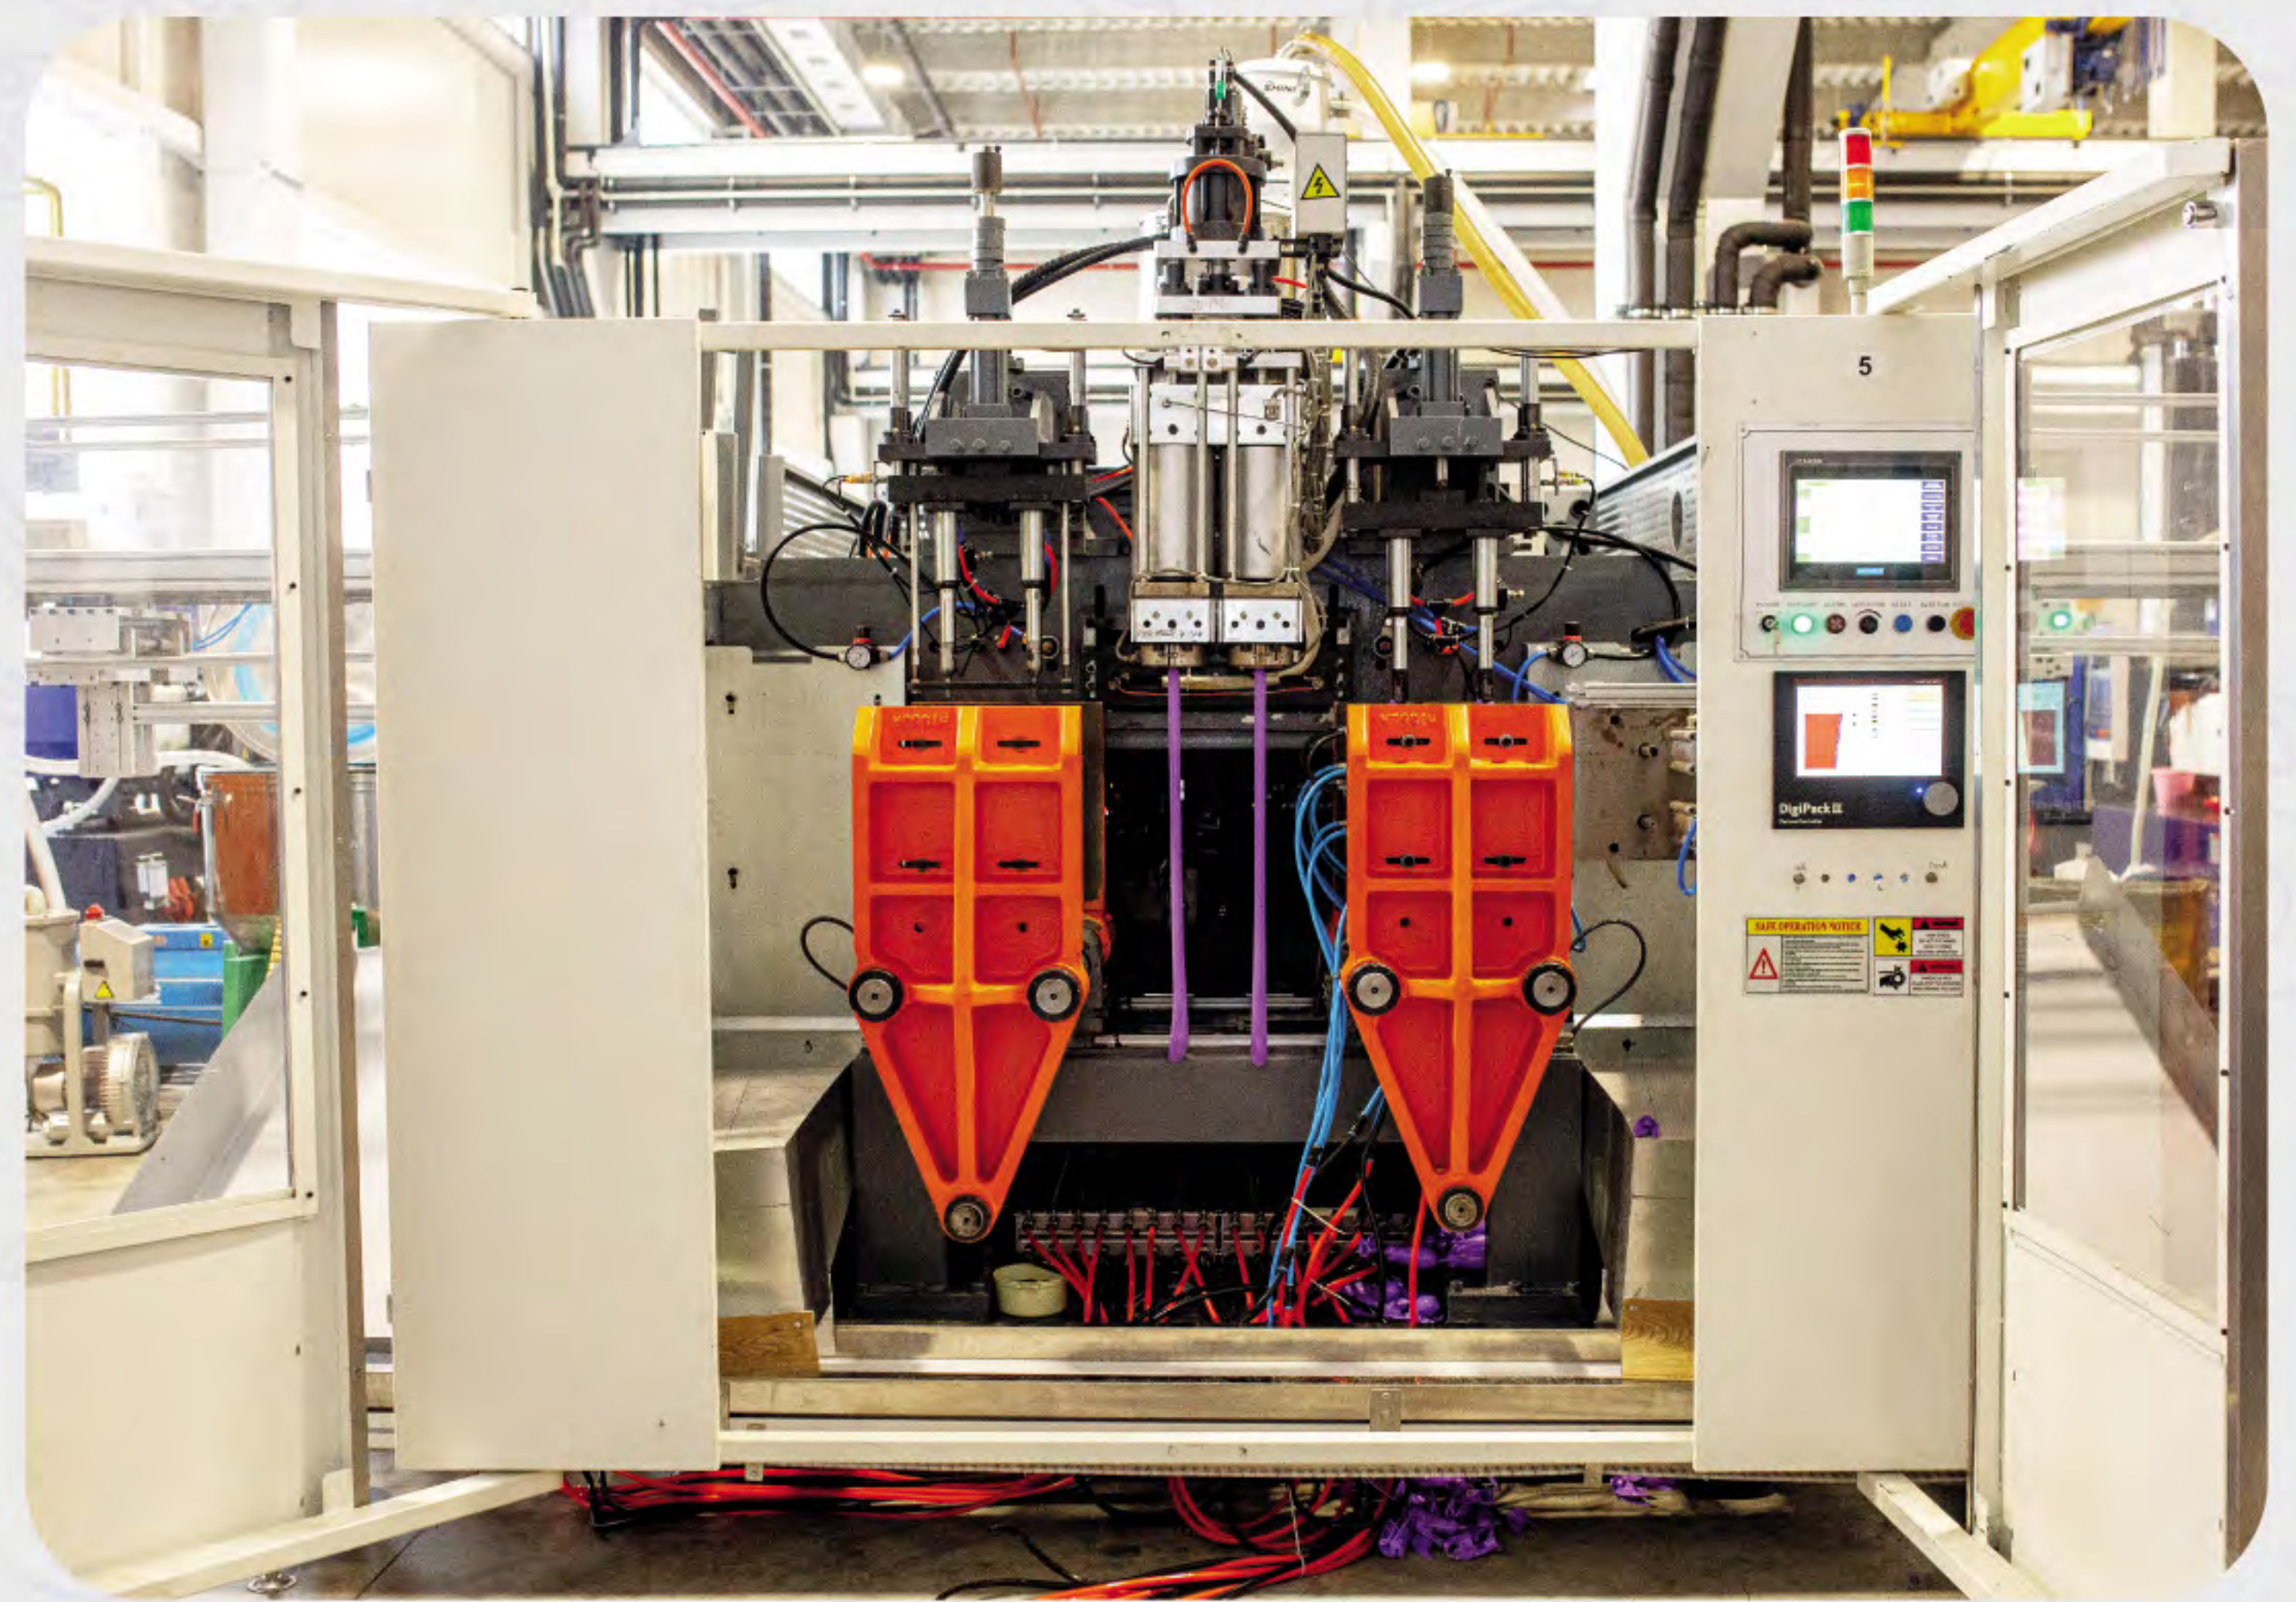

TechnoK™ — a leader among Ukrainian toy manufacturers

A proprietary brand represented on both Ukrainian and international markets. The product range includes over 800 SKUs of toys, construction sets, children's furniture, and infant products. All products are certified in accordance with European standards (EN 71) and are successfully exported to 20+ countries, including the EU, Canada, and the USA.

Our production infrastructure includes:

- A modern fleet of injection molding machines and metalworking equipment
- An in-house tooling workshop
- Assembly, painting, and logistics departments
- A comprehensive quality control system at all stages of production

We combine innovative technologies, engineering expertise, and high-precision equipment, enabling us to deliver large-scale and complex projects for both Ukrainian and international partners. Each order is supported by an individual technical approach and multi-level quality control.
